

## **PUBLICATION of Koji Shimomura**

### **PAPERS**

**(published or forthcoming papers written in English. The papers with (#) are accepted in refereed journals and volumes.)**

- (1)#Public Infrastructure, Employment and Sustainable in a Small Open Economy with and without Foreign Direct Investment, to appear in *Journal of International Trade and Economic Development* (with Dipankar Daugupta)
- (2)#Dynamic Three-Factor Models of International Trade, to appear in *Asia-Pacific Journal of Accounting and Economics*(with Kazuo Nishimura and Yunfang Hu)
- (3)#Indeterminacy in the free-trade world, to appear in *Journal of Difference Equations and Applications*(with Junko Doi and Kazumichi Iwasa)
- (4)#A two-country dynamic model of international trade and endogenous growth: multiple balanced growth paths and stability, to appear in *Journal of Mathematical Economics* (with Junko Doi and Kazuo Nishimura).
- (5)#On Chamberlinian-Ricardian Trade Patterns, to appear in *Review of International Economics* (with T. Kikuchi and D-Z Zeng)
- (6)#Optimal commodity taxation with a representative agent, to appear in *Review of Development Economics* (with Murray C. Kemp)
- (7)#On dynamic Chamberlin-Heckscher-Ohlin trade patterns, to appear in *Economics Bulletin* (with Toru Kikuchi)
- (8)#Status seeking, catching up, and comparative statics, to appear in *Review of Development Economics* (with Yunfang Hu)
- (9)#A dynamic two-country model of increasing returns and monopolistic competition, to appear in *Review of Development Economics* (with Toru Kikuchi)
- (10)#A two-country dynamic trade model with endogenous time preferences, to appear in *Keio Economic Studies* (with Toru Kikuchi)
- (11)#Monopolistic competition with cross-country technological differences and international trade, to appear in *Japan and the World Economy* (with Toru Kikuchi)

- (12)#Production externalities and local dynamics in discrete-time multi-sector growth models with general production technologies, to appear in *International Journal of Economic Theory* (with Kazuo Nishimura and Ping Wang)
- (13)#On the emerge of intra-industry trade, to appear in *Journal of Economics*, (with Toru Kikuchi and Dan-Zhi Zang)
- (14)#Trade between countries with radically different preferences, *Economics Bulletin* 6, 1-9, 2005, (with Murray C. Kemp)
- (15)#Indeterminacy in a dynamic two-country model, to appear in *Economic Theory*, (with Kazuo Nishimura).
- (16)#Voluntary contribution to a public good: non-neutrality results, to appear in *Pacific Economic Review* (with Ngo Van Long)
- (17)#Duality with sector-specific externalities under social constant returns, *Japanese Economic Review* 57, 467-475, 2006(with Kazuo Nishimura and Ping Wang)
- (18)#A factor endowment theory of endogenous growth and international trade, *Review of Development Economics* 9, 467-481, 2005(with Yunfang Hu and Murray C. Kemp).
- (19)#Endogenous growth: fragile foundations, *Review of Development Economics* 10, 113-115, 2005 (with Yunfang Hu and Murray C. Kemp).
- (20)#Monopolistic competition with efficiency gaps and Heckscher-Ohlin trade patterns, *Japanese Economic Review* 57, 426-437, 2006 (with Toru Kikuchi)
- (21)#Occupational choice and dynamic indeterminacy, *Review of Economic Dynamics* 8, 138-153, 2005. (with Kazuo Mino and Ping Wang)
- (22)# Relative wealth, catching up, and economic growth, in: S. Dowrick, .R. Pitchford, and S. Turnovsky eds., *New Development in Macroeconomics*, Cambridge University Press, 18-45, 2004. (with Ngo Van Long).
- (23)#A factor endowment theory of international trade under imperfect competition and increasing returns, *Canadian Journal of Economics*.38, 273-289, 2005 (with Kenji Fujiwara)
- (24)#A theory of involuntary unrequited international transfers, *Journal of Political Economy* 111,

- 686-692, 2003, (with Murray C. Kemp)
- (25)#Relative Wealth, Status-Seeking, and Catching-up, *Journal of Economic Behavior and Organization* 53, 529-542, 2004. (with Ngo Van Long)
- (26)#A dynamic Heckscher-Ohlin model: The case of costly factor reallocation, *Japanese Economic Review* 54, 237-252, 2003 (with Murray C. Kemp).
- (27)#A new proof of the maximum principle, *Economic Theory*. 22, 671-674, 2003 (with Ngo Van Long)
- (28)#Why countries with same fundamentals can have different growth rates, *Journal of Economic Dynamics & Control*. 27, 1899-1916, 2003. (with Jacek B. Krawczyk)
- (29)#Indeterminacy in a dynamic general equilibrium model of international trade, in: M. Boldrin, B-L Chen and P. Wang eds., *The Development Process of Rapidly Growing Economies: From Theory to Empirics*, Cheltenham, UK, Edward Elgar Publishing Inc, 2004, Chapter7, 153-167, 2004.
- (30)#Recent challenges to the classical gains-from-trade proposition, 2002, *German Economic Review*. 3, 485-489, 2002.. (with Murray C. Kemp)
- (31)#A new approach to the theory of international trade under increasing returns: the two-commodities case, in: A. Woodland ed., *Economic Theory and International Trade*, Chapter 1, Cheltenham, UK, Edward Elgar, 2002, 3-21.[also, in: M.C. Kemp, *International Trade and National Welfare*, Chapter 17, London, UK, Routledge, 2001, 111-127] (with Murray C. Kemp)
- (32)#The Kemp-Wan proposition under increasing returns to scale and oligopolistic competition, in: M.C. Kemp, *International Trade and National Welfare*, Chapter 20, London, UK, Routledge, 2001, 158-174. (with Murray C. Kemp)
- (33)#Trade and indeterminacy in a dynamic general equilibrium model, *Journal of Economic Theory* 105, 2002, 244-260 (with Kazuo Nishimura).
- (34)#A theory of voluntary unrequited international transfer, 2002, *Japanese Economic Review* 53, 290-300,2002. (with Murray C. Kemp).
- (35)#Indeterminacy in a dynamic small open economy, *Journal of Economic Dynamics and Control* 27, 2002, 271-281(with Kazuo Nishimura).
- (36)#The Sonnenschein-Debreu-Mantel proposition and the theory of international trade, *Review of*

- International Economics* 10, 2002, 671-679 (with Murray C. Kemp)
- (37)#Re-distributive taxation in closed and open Economies, in A. Woodland ed., *Economic Theory and International Trade: Essays in Honor of Murray C. Kemp*, Cheltenham, UK: Edward Elgar Publishing Inc, Chapter 7, 104-123, 2002.. (Co-authored with Ngo Van Long)
- (38)#A second correspondence principle, in A. Woodland ed., *Economic Theory and International Trade: Essays in Honor of Murray C. Kemp*, Cheltenham, UK: Edward Elgar Publishing Inc, Chapter 3, 37-56, 2002. (Co-Authored with Murray C. Kemp and Yoshio Kimura)
- (39)#A Differential game model of tariff war, *Japan and the World Economy* 13, 2001, 279-298. (with Murray C. Kemp and Ngo Van Long)
- (40)#Drugs and Pests: intertemporal production externality, *Japan and the World Economy* 13, 2001, 255-278. (with R. Cornes and N.V.Long)
- (41)#Gains from international trade in a Cournot-Nash general equilibrium, *Japanese Economic Review* 52, 284-302, 2001. (with Murray C. Kemp)
- (42)#A second elementary proposition concerning the formation of customs union, *Japanese Economic Review* 52, 64-69, 2001. (with Murray C. Kemp)
- (43)#An antiquarian note on optimum tariffs, *History of Political Economy* 32, 415-420, 2000. (with Murray C. Kemp)
- (44)#The gains from free trade when workers are not indifferent to their occupations, *Journal of Post Keynesian Economics* 23, 299-300, 2000. (with Murray C. Kemp)
- (45)#A dynamic conjectural variations model in the private provision of public goods: a differential game approach, *Journal of Public Economics* 81, 153-172, 2001. (with Jun-ichi Itaya)
- (46)#Comparing open-loop with Markov equilibria in a class of differential games, *Japanese Economic Review* 50, 457-469, 1999. (with Ngo Van Long and Harutaka Takahashi)
- (47)#Trade gains when the opportunity to trade changes the state of information, *Review of International Economics* 9, 24-28, 2001. (with Murray C. Kemp and Henry Y. Wan Jr.)
- (48)#Trade gains in chaotic equilibria, *Review of International Economics* 7, 403-409, 1999. (with Murray C. Kemp)
- (49)#Chaotic equilibria in a small open overlapping generations economy with child-parent externality,

- Review of International Economics* 7, 484-492, 1999. (with Kazuo Nishimura)
- (50)#A simple proof of the Sato proposition on non-homothetic CES functions, *Economic Theory* 14, 501-503, 1999.
- (51)#Education, moral hazard, and endogenous growth, *Journal of Economic Dynamics and Control* 23, 675-698, 1999. (with Ngo Van Long).
- (52)#Factor income function and an oligopolistic Heckscher-Ohlin model of international trade, *Economics Letters* 61, No.1, 91-100, 1998.
- (53)On the Heckscher-Ohlin analysis and the gains from trade with profit-maximizing and labor-managed firms, in C.G. Amrhein, D. Griffith, and J. M. Huriot eds., *Econometric Advances in Spatial Modelling and Methodology: in Honour of Jean Paelinck*, Kluwer Academic Publishers, 1998. (with Makoto Tawada)
- (54)#The internationalization of the world economy and the implication for national welfare, *Review of International Economics* 7, 1-7, 1999. (with Murray C. Kemp).
- (55)Endogenous growth, trade, and specialization under variable returns to scale: the case of a small open economy, in: B.S. Jensen and K-y Wong eds., *Dynamics, Economic Growth, and International Trade*, Chapter 4, 127-150, University of Michigan Press, 1997 (with Ngo Van Long and Kazuo Nishimura ).
- (56)#Increasing returns and international trade, *Review of International Economics* 8, 614-618, 2000 (with Murray C. Kemp).
- (57)#A dynamic equilibrium model of durable-goods monopoly, *Journal of Economics Behavior and Organization* 33, 507-520, 1998.
- (58)#Some results on the Markov equilibria of a class of homogeneous differential games, *Journal of Economic Behavior and Organization* 33, 557-566, 1998(with Ngo Van Long).
- (59)#A geometric approach to the Stolper-Samuelson theorem, *International Economic Review* 38, 647-656, 1997.[to be reprinted in John Cunningham Wood and Michael McLure eds., *Paul A. Samuelson: Critical Assessments of Contemporary Economists*, 2nd Series, Routledge.]
- (60)#Self-fulfilling expectations and economic growth: a model of technological adoption and industrialization, *International Economic Review* 39, 151-170, 1998 (with Been-Lon Chen).

- (61)#The law of comparative advantage without social utility functions, *Review of International Economics* 6, 401-406, 1998 (with K-y Wong).
- (62)High youth wages can generate general and persistent unemployment, in: P. Arestis, G. Palma and M. Sawyer eds., *Markets, Unemployment and Economic Policy: Essays in Honour of Geoff Harcourt*, Volume 2, Chapter 25, 313-325, Routledge, 1997. (with M.C.Kemp and N.V.Long)
- (63)Education, human capital and economic growth in an overlapping generations model, *Journal of Economics & Business Administration (Kokumin-Keizai Zasshi)* 175, 63-79, 1997. (with Binh Tran-Nam)
- (64)#Introduction, *Japanese Economic Review* 48, 119-120, 1997 (with Murray C. Kemp).
- (65)#Trade gains: a unified exposition based on duality, *Japanese Economic Review* 48, 119-131, 1997 (with Murray C. Kemp).
- (66)#Voluntary export restraints and economic welfare: a general equilibrium analysis, *Japanese Economic Review* 48, 187-198, 1997 (with M.C.Kemp and M. Okawa).
- (67)Durable consumption goods and the pattern of international trade and indebtedness in a dynamic Ricardian model, in L.Vlacic, T.Nguyen and D. Kecmanovic eds., *Modelling and Control of National and Regional Economies 1995*, 133-137, Pergamon, 1996.
- (68)#Dynamic effects of subsidies on output and R&D in an international export rivalry model, (with T.Ohkawa) in W.Chang and S.Katayama eds., *Imperfect Competition in International Trade*, Kluwer Academic Publishers, 1995
- (69)#The apparently innocuous representative agent, *Japanese Economic Review* 46, 247-256, 1995. (with M.C. Kemp)
- (70)#On the representative agents; reply to Kaneko and Suzumura, *Japanese Economic Review* 46, 300, 1995. (with M.C. Kemp)
- (71)#Why must we always follow Nash?: a further reply, *Japanese Economic Review* 46, 302, 1995. (with M. C. Kemp)
- (72)#Some implications of imperfect competition for recent trade theory, *Review of International Economics* 3, 244-247, 1995.

- (73)#A capital accumulation model of the workers' enterprise, *Managerial and Decision Economics* 14, 459-467, 1993.
- (74)Durable consumption goods and the pattern of international trade, in H.Herberg and N.V.Long eds., *Trade, Welfare, and Economic Policies: Essays in Honor of Murray C. Kemp*, 103-112, Michigan University Press, 1993.
- (75)#Cyclical and non-cyclical redistributive taxation, *International Economic Review* 34, 415-429, 1993. (with M.C. Kemp and N.V.Long)
- (76)#The international diffusion of the fruits of technical progress, *International Economic Review* 34, 381-385, 1993. (with M.C.Kemp and Y-K. Ng)
- (77)A two-sector dynamic general equilibrium model of distribution, in G.Feichtinger ed., *Dynamic Economic Models and Optimal Control*, 105-123, North-Holland, 1992.
- (78)A dynamic formulation of the foreign aid process, in G.Feichtinger ed., *Dynamic Economic Models and Optimal Control*, 191-103, North-Holland, 1992. (with M.C.Kemp and N.V.Long)
- (79)#A dynamic model of distribution of wealth among households and nations, *Annals of Operations Research* 37, 245-272, Baltzer Scientific Publishing Company, 1992. (with M.C.Kemp)
- (80)Toward the economic analysis of falsified information, in Y.Ijiri and I.Nakano eds., *Business Behavior and Information*, 32-50, Carnegie-Mellon University Press, 1992.
- (81)"Trade" or "Aid"?, in A.Takayama, M.Ohyama and H.Ohta eds., *Trade, Policy, and International Adjustments*, 19-35, Academic Press, 1991. (with M.C.Kemp)
- (82)#Feedback equilibria of a differential game of capitalism, *Journal of Economic Dynamics and Control* 15, 317-338, 1991.
- (83)#A further note on union power in the long run, *Scandinavian Journal of Economics* 92, 599-604, 1990.
- (84)A neglected corner: labor unions and the pattern of international trade, in G.Feiwel ed., *Joan Robinson and Modern Economic Theory*, 774-790, 1989. (with M.C.Kemp)
- (85)#The impossibility of global absolute advantage in the Heckscher-Ohlin model of trade, *Oxford Economic Papers* 40, 575-576, 1988. (with M.C.Kemp)
- (86)#Do labour unions drive out capital? *The Economic Journal* 95, 1087-1090, 1985. (with

M.C.Kemp)

(87)The optimal order of exploitation of deposits of a renewable resource, in M.C.Kemp and N.V.Long eds., *Essays in the Economics of Exhaustible Resources*, 75-104, 1984.

(88)The problem of survival: a closed economy, in M.C.Kemp and N.V.Long eds., *Essays in the Economics of Exhaustible Resources*, 13-26, 1984. (with M.C.Kemp and N.V.Long)

(89)#On the optimal order of exploitation of deposits of a renewable resource, *Journal of Institutional and Theoretical Economics* 139, 319-322, 1983.

### **Books**

\**Essays in the Economic Analysis of Labour Unions*, Kobe Economic & Business Research Series 12, 228p. 1993.

\**Labor Unions and the Theory of International Trade*, (with M.C.Kemp and N.V.Long), 285p., North-Holland, 1991.

\**Essays in Some Topics of Modern Economic Theory*, Kobe Economic & Business Research Series 9, 166p., 1984.
